

PRIVACY POLICY

ETHOS EDUCATION GROUP. ("ETHOS") is committed to protecting your privacy. This Privacy Statement is designed to inform you about the manner in which we treat the collection, use, and disclosure of information that you may provide to us via our website.

What information is captured from visitors to www.ethoseducationgroup.com?

For each visitor to the website, ETHOS' server may automatically collect information about which pages are visited and for how long, as well as the IP address, browser type, and operating platform of visitors. This information is anonymous and is gathered through our server's log files. This information is used for internal review, to tailor information to individual visitors and for website traffic audits. We also may provide this information (as well as information from third-party market researchers) about our users on an aggregated, anonymous basis to our affiliates and strategic partners.

Is personal information requested by the website?

We only solicit personal information from our website visitors on a voluntary basis. Such information may include your name, address, telephone number, and product preferences. We do not require this information to obtain access to any part of our website. We have no intention of collecting any personal data from individuals under 13 years of age.

How is the information used?

Personal information collected from you through the Website is used by ETHOS to enable us to answer questions and process requests that are received electronically. We also may use this information to send you e-mail or other notices about updates to the Website or ETHOS' products. You will always have the option to opt out of any such mailing list. We do not sell, rent, or lease personal information to third parties.

What happens if I e-mail ETHOS?

ETHOS may provide email links on the Website to further facilitate communication between ETHOS and you. Information collected through electronic mail may be shared with our customer service department, employees or other third parties that perform services on our behalf. Unless otherwise noted, electronic mail on our site is not a completely secure and confidential means of communication. Non-encrypted electronic communications may be accessed and viewed by other Internet users without your knowledge or permission while in transit to us. Therefore, we recommend that you contact us by phone using one of the numbers found on the Website whenever you are communicating personal information to us.

What happens when I leave www.gwsm-sports.com to visit a linked site?

Parts of the Website include hyperlinks to the sites of other companies. When you leave Suppress.com to visit one of these sites, the only information transferred to the third party is the fact that you came from www.ethoseducationgroup.com (the reference address). This practice allows the third party to monitor its own website traffic, but does not provide it with any information about you. ETHOS is not responsible or liable for the independent privacy policies of third party sites. You should consult the privacy policies at those sites to determine how your information may be used.

Are cookies used?

Other than a temporary cookie to maintain the session state while you visit the Website, ETHOS does not currently place a cookie on your computer. ETHOS may determine at a later date to place a different type of cookie in the application folder of your computer's browser. A cookie itself does not contain any personally identifying information. Once placed on your computer, a cookie will allow the Website to recognize your computer as a unique visitor to the Website.

Is my information secure?

ETHOS has taken measures to keep all information from our online visitors as secure as possible against any unauthorized access or use. All information is protected by standard security measures which are periodically reviewed. Unless otherwise noted, electronic mail on our site is not a completely secure and confidential means of communication. Non-encrypted electronic communications may be accessed and viewed by other Internet users without your knowledge or permission while in transit to us.

How do I contact ETHOS?

We can be reached via our [Contact Us](#) page.

Notice regarding changes to Privacy Statement.

ETHOS may change the foregoing Privacy Statement from time to time without notice by posting the changed Privacy Statement on the Website. This Privacy Statement is not intended to and does not create any contractual or other legal right in or on behalf of any party.
